LAND USE COMPATIBILITY STATEMENT (LUCS) FAQs

WHAT IS A LUCS? The LUCS is the process ODA uses to determine that ODA registrations and other approvals that affect land use are consistent with a local government comprehensive plan.

WHY IS A LUCS REQUIRED? Oregon law required that state agency activities related to land use be consistent with local comprehensive plans in accordance with ORS Chapter 197.

WHEN IS A LUCS REQUIRED? A LUCS is required for many ODA registrations, some General Registrations, and certain approvals for plans for related activities that affect land use. These activities are listed in this form. In cases where a source needs more than one ODA registration or approval, a single LUCS may be used.

A LUCS is required for a registration modification when:

- There is a physical expansion on the property or the use of additional land is proposed;
- There is a significant increase in discharge of water;
- There is a relocation of and outfall outside of the source property; or
- emission rate increase as defined in OAR 340-28-110.

A registration renewal requires a LUCS if one has not been previously submitted, or if one of the above four registration modification factors apply.

HOW TO COMPLETE A LUCS:

- The LUCS form is included in the ODA registration application or approval packet.
- The applicant fills out Section 1 of the LUCS and then submits it to the city or county planning office.
- The local planning office determines if the business or facility meets all local planning requirements.
- The local planning office must attach written findings of fact for local reviews or other necessary planning approvals that are required of the applicant.
- The applicant includes the completed LUCS and attachments with the registration application.

I SUBMITTED A COMPLETED LUCS WITH MY 2018 INDUSTRIAL HEMP REGISTRATION APPLICATION. DO I NEED TO OBTAIN A NEW LUCS FOR SUBMISSTION WITH MY 2019 APPLICATION? As long as the LUCS you submitted in 2018 has not been revoked or expired and none of the four modification factors listed above apply, you to do not need to acquire a new LUCS. Simply submit a copy of your 2018 LUCS with your 2019 hemp registration application.

WHERE TO GET HELP: Questions on the LUCS are to be directed to ODA, Industrial Hemp Program, at 503-986-4652.
